Independent Auditor's Report

To the Shareholders of Industrial and Infrastructure Development Finance Company Limited

Report on the audit of the Consolidated and Separate Financial Statements

Opinion

We have audited the accompanying financial statements of Industrial and Infrastructure Development Finance Company Limited ("the Company") which comprise the balance sheet as at 31 December 2018 and the profit & loss account, statement of changes in equity and statement of cash flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements of the Company give a true and fair view of the financial position of the Company as at 31 December 2018, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) as explained in note # 2 and comply with the Financial Institutions Act, 1993, the Rules and Regulations issued by the Bangladesh Bank, the Companies Act, 1994 and other applicable Laws and Regulations.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), Bangladesh Securities and Exchange Commission (BSEC), Bangladesh Bank, and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code and the Institute of Chartered Accountants of Bangladesh (ICAB) Bye Laws. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The other information comprises all of the information in the Annual Report other than the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Financial Statements and

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs as explained in note # 2, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Financial Institutions act, 1993 and the Bangladesh Bank guidelines require the management to ensure effective internal audit, internal control and risk management functions of the Company. The management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business
 activities within the Company to express an opinion on the financial statements. We are responsible for the
 direction, supervision and performance of the Company's audit. We remain solely responsible for our audit
 opinion.

We communicate with those charged with governance, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act, 1994, the Securities and Exchange Rules, 1987, the Financial Institutions Act, 1993 and the rules and regulations issued by Bangladesh Bank, we also report that:

- (i) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;

Statement of compliance

The consolidated financial statements and separate financial statements of the Company have been prepared on a going concern basis following accrual basis of accounting except for cash flow statement and investment in marketable securities which are stated at market value in accordance with International Accounting Standards (IAS) and International Financial Reporting Standards (IFRSs) as adopted in Bangladesh by the Institute of Chartered Accountants of Bangladesh, except the circumstances where local regulations differ, and the Companies Act, 1994, the Financial Institutions Act, 1993, Bangladesh Securities and Exchange Commission guidelines and other applicable laws and regulations.

The presentation of the financial statements has been made as per the requirements of DFIM Circular No: 11, dated 23 December 2009 issued by the Department of Financial Institutions and Markets (DFIM) of Bangladesh Bank. The activities and accounting heads mentioned in the prescribed form, which are not applicable for the financial institutions, have been kept blank in the financial statements.

The requirements of accounting standards as per IFRS that have been departed to comply with Bangladesh Bank requirements have been disclosed in detail. However, this departure with IFRS has been made by following all of the relevant provisions of IAS-1 and the details disclosures are given in Note-2.01.01 by following the provision of IAS-1 (Presentation of Financial Statements).

2.01.01 Disclosure of departure from few requirements of IFRS due to mandatory compliance of Bangladesh Bank's requirements

SL.	Nature of Departure	Title of IFRS	Treatment of IFRS	Treatment Adopted as per Bangladesh Bank	Financial or Presentation Effect of the Departure
1	Measurement of provision for leases, loans and advances (financial assets measured at amortized cost)	IFRS 9 Financial Instruments	An entity shall assess at the end of each reporting period whether there is any objective evidence that a financial asset or group of financial assets measured at amortized cost is impaired. If any such evidence exists, expected credit losses are required to be measured through a loss allowance at an amount equal to: a) the 12-month expected credit losses (expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or b) full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).	circular No. 03, dated 03 May 2006 and FID circular No. 03, dated 29 April 2013 , a general provision at 0.25% to 5% under different categories of unclassified loans (good/standard loans) has to be maintained irrespective of objective evidence of impairment on lease, loans and advances. Also provision for sub- standard investments, doubtful investments and bad losses has to be provided at 20%, 50% and 100% respectively for investments depending on the duration of overdue.	In Financial Statements, as at 31 December 2018, accumulated provision fo leases, loans and advances stand at BDT 518.13 million

2	Valuation of Investments in quoted and unquoted shares	IFRS 9 Financial Instruments	Investment in shares falls either under at "fair value through profit/ loss (FVTPL)" or "fair value through other comprehensive income (FVTOCI)" where any change in the fair value in case of FVTPL at the year-end is taken to profit or loss, and any change in fair value in case of FVTOCI is taken to other comprehensive income.	shares and unquoted shares	During this year total market value of all shares are less than the cost price of all shares. In Financial Statement, as at 31 December 2018, Provision for diminution in value of investments stands BDT 48.46 million.
3	Recognition of interest income for SMA and classified lease, loans and advances	IFRS 9 Financial Instruments	Income from financial assets measured at amortized cost is recognized through effective interest rate method over the term of the investment. Once a financial asset is impaired, investment income is recognized in profit and loss account on the same basis based on revised carrying amount.	Account (SMA)", interest income from such investments are not allowed	As at 31 December 2018, in Financial Statements interest suspense account was BDT 241.07 million whereas last year was Taka 147.26 million. This amount has been shown in other liabilities
4	Presentation of cash and cash equivalent	IAS 7 Statement of Cash Flows	Cash equivalent are short term, highly liquid investments that are readily convertible to known amounts of cash and only include those investments which are for a short tenure like: 3 months or less period. In the light of above, balance with Bangladesh Bank and fixed term deposits should be treated as investment asset rather than cash equivalent as it is illiquid asset and not available for use in day to day operations.	Bangladesh Bank has issued templates for financial statements vide DFIM Circular No. 11, dated 23 December 2009 which will strictly be followed by all banks and NBFIs. The templates of financial statements provided detail presentation for statement of cash flows.	Financial Statements for 2018 and corresponding year 2017 have been prepared as per guideline (DFIM Circular No. 11, dated 23 December 2009) of Bangladesh Bank.

5	Measurement of deferred tax asset	IAS 12 Income Tax	A deferred tax asset shall be recognized for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilized.	As per DFIM circular No. 7, dated 31 July 2011, no deferred tax asset can be recognized for any deductible temporary difference against lease, loans and advances.	During this year there is no impact in the financial statements due to this departure as the Company did not consider any deductible temporary difference against leases, loans and advances.
6	Presentation and disclosure of Financial Statements and Financial Instruments	IAS 1 "Presentation of Financial Statements" IFRS 9 "Financial Instruments" & IFRS 7 "Financial Instruments: Disclosure"	Other Comprehensive Income (OCI) is a component of financial statements or the elements of OCI are to be included in a single Other Comprehensive Income statement. IAS 1 requires separate line item for intangible assets on the face of statement of financial position. IFRS 7 requires specific presentation and disclosure relating to all financial instruments.	Bangladesh Bank has issued templates for financial statements vide DFIM Circular No. 11, dated 23 December 2009 which will strictly be followed by all banks and NBFIs. The templates of financial statements issued by Bangladesh Bank do not include Other Comprehensive Income (OCI) nor are the elements of Other Comprehensive Income allowed to include in a Single Comprehensive Income Statement. Intangibles assets are not separately presented on the face of statement of financial position; rather it is presented along with the line item of fixed assets. As per Bangladesh Bank guidelines, financial instruments are categorized, recognized and measured differently from those prescribed in IFRS-9. As such some disclosure and presentation requirements of IFRS 7 has not been made in the accounts.	Financial Statements for 2018 and corresponding year 2017 have been prepared as per guideline (DFIM Circular No. 11, dated 23 December 2009) of Bangladesh Bank.

7	Preparation of Statement of Cash Flows	IAS 7 Statement of Cash Flows	The Cash flow statement can be prepared using either the direct method or the indirect method. The presentation is selected to present these cash flows in a manner that is most appropriate for the business or industry. The method selected is applied consistently.	As per DFIM Circular No. 11, dated 23 December 2009, Cash flow statement has been guided by the Bangladesh Bank which is the mixture of direct and indirect method.	Financial Statements for 2018 and corresponding year 2017 have been prepared as per guideline (DFIM Circular No. 11 dated 23 December 2009) of Bangladesh Bank.
8	Current/Non- current distinction	IAS-1 Presentation of Financial Statement	As per Para 60 of IAS-1 "Presentation of Financial statement" An entity shall present current and non- current assets and current and non-current liabilities as separate classification in its statement of financial position.	As per DFIM Circular No. 11, dated 23 December 2009, Bangladesh Bank has issued templates for financial statements which is applicable for all the Financial Institutions. In this templates there is no current and non-current segmentation of assets and liabilities	Financial Statements for 2018 and corresponding year 2017 have been prepared as per guideline (DFIM Circular No. 11, dated 23 December 2009) of Bangladesh Bank. Moreover, the liquidity statement shows the aging profile of all financial assets and liabilities from where current/non-current portion of assets and liabilities can be obtained.
9	Off-balance sheet items	IAS 1 Presentation of Financial Statements	There is no concept of off- balance sheet items in any IFRS; hence there is no requirement for disclosure of off-balance sheet items on the face of the balance sheet.	As per DFIM Circular No. 11, dated 23 December 2009, off-balance sheet items (e.g. letter of credit, letter of guarantee etc.) must be disclosed separately on the face of the balance sheet.	Financial Statements for 2018 and corresponding year 2017 have been prepared as per guideline (DFIM Circular No. 11, dated 23 December 2009) of Bangladesh Bank.
10	Impairment of Margin Loan (Loans and receivables	IFRS 9 Financial Instruments	Measurement after initial recognition at amortized cost and recording of changes through profit and loss.	As per Bangladesh Securities and Exchange Commission (BSEC) Circular No. SEC/CMRRCD/2009-193/196 dated 28 December 2016, provisions for the year 2016 on impairment of principal portion of margin loan may be kept at 20% on each quarter for the five quarters starting from December 2016.	There is no such impact for this. However, we have been maintaining provision for unrealized loss (if any) of margin loan in the portfolio at higher rate than the requirement.

House building loan: Land and building are taken as security in the form of mortgage.

Overdraft: FDRs are taken as pledge against the loans taken by clients against their Fixed Deposits.

Public sector loan: In most cases Govt. Guarantee is taken and no other security is taken for government loan and agricultural.

2.10.04 Property, plant and equipment

2.10.04.01 Owned assets

Own property, plant and equipment are stated at cost less accumulated depreciation. The cost of an asset comprises its purchase price and any directly attributable costs associated with bringing the assets to its working condition for its intended use as per International Accounting Standard 16 'Property, Plant and Equipment'.

2.10.04.02 Leased assets

Leasehold assets are accounted for as Finance Lease and capitalized at the inception of the lease at the fair value of the leased property or at the present value of the minimum lease payments, whichever is lower as per International Accounting Standard 17 'Leases'. The corresponding obligation under the lease is accounted for as Liability.

2.10.04.03 Subsequent expenditure on property, plant and equipment

Subsequent expenditure is capitalized only when it increases the future economic benefits from the assets. All other expenditures are recognized as an expense as and when they are incurred.

2.10.04.04 Depreciation on property, plant & equipment

Depreciation on fixed assets is charged consistently on straight-line method at following rates throughout the estimated useful life of the assets. On newly acquired assets depreciation is charged for the full year irrespective of date of acquisition while no depreciation is charged on the assets disposed of during the year.

SI.	Category of Fixed assets	Rate of Depreciation
1	Motor vehicles	20%
2	Furniture & fixtures	10%
3	Office equipments	18%

The gain or loss arising on the disposal or retirement of an asset is determined as the difference between the sale proceeds and the carrying amount of the concerned asset and is recognized accordingly in the Statement of Comprehensive Income (Profit and Loss Account).

2.10.04.05 Intangible assets

The Company's intangible assets include the value of computer software.

An intangible asset is recognized only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value as at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and any accumulated impairment losses.

The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortized over the useful economic life. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at each financial year end. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the amortization period or method, as appropriate, and they are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is presented as a separate line item in the statement of comprehensive income (profit and loss account).

Amortization is calculated using the straight-line method to write down the cost of intangible assets to their residual values over their estimated useful lives, like software is amortized over 5 years 6 months.

2.10.04.06 Other assets

Other assets include all other financial assets and fees and unrealized income receivable, advance for operating and capital expenditure and stocks of stationery and stamp. Details are shown in Note-9. Receivables are recognized when there is a contractual right to receive cash or another financial asset from another entity.

2.10.04.07 Non-banking assets

Non-banking assets are acquired on account of the failure of a borrower to repay the loan in time after receiving the decree from the court regarding the right and title of the mortgage property. There are no assets acquired in exchange for loan during the period of financial statements.

2.11 Basis for valuation of liabilities and provisions

2.11.01 Provision for tax

a. Current tax

Provision for Current Tax is made on the basis of the profit for the period as adjusted for taxation purpose in accordance with the provision of Income Tax Ordinance, 1984 and amendments made thereof.

b. Deferred tax

The company has adopted a policy of recognition of deferred tax in accordance with International Accounting Standard 12 'Income Taxes'. Deferred tax is provided using the liability method for all temporary timing differences between the carrying amount of assets and liabilities for financial reporting purposes and the amount used for tax purposes. The amount of deferred tax is determined at the effective income tax rate prevailing at the Balance Sheet date.

2.11.02 Employees' benefit obligation

Defined contribution plan

The Company started operating from January, 2003 an approved contributory provident fund scheme for its employees as per provident fund rules. The fund consists of subscription of all participatory employees and contribution from the company at a predetermined rate. The fund is administered by a Board of Trustees and invested separately from the Company's assets.

Defined benefit plan

Any possible obligation that arises from the past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company; or any present obligation that arises from past events but is not recognized because:

- it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
- the amount of the obligation cannot be measured with sufficient reliability.
 Contingent liabilities are not recognized but disclosed in the financial statements unless the possibility of an outflow of resources embodying economic benefits is reliably estimated.

Contingent assets are not recognized in the financial statements as this may result in the recognition of income which may never be realized.

2.15 Materiality, aggregation and off setting

Each material item as considered by management significant has been displayed separately in the financial statements. No amount has been set off unless the Company has legal right to set off the amounts and intends to settle on net basis. Income and expenses are presented on a net basis only when permitted by the relevant accounting standards.

The values of any asset or liability as shown in the statement of financial position (balance sheet) are not off-set by way of deduction from another liability or asset unless there exist a legal right therefore. No such incident existed during the year.

2.16 Revenue recognition

Revenue is only recognised when it meets the following five steps model framework.

- a) identify the contract (s) with a customers;
- b) identify the performance obligations in the contract;
- c) determine the transaction price;
- d) allocate the transaction price to the performance obligations in the contract;

Fee based revenues

Fees on services rendered by the company are recognised as and when services are rendered.

2.17 Interest accrual on loans and leases

Interest income on interest bearing loans and leases are recorded at the time of proceeds received from a particular company. Accrued interest on company loan and leases is accounted for on accrual basis in the Profit and Loss Account under at the implicit rate of interest.

2.18 Earnings per share

Earnings per shares is calculated by dividing the profit or loss attributable to ordinary shares of the IIDFC by the weighted average number of ordinary shares outstanding during the year. IIDFC calculates EPS in accordance with International Accounting Standard -33 'Earnings per Share' which has been shown in the profit and loss account.

Diluted Earnings per share is not applicable for the year as there is no scope for dilution during the year 2018.

2.19 Presentation of operating segments

The segment reporting of IIDFC as per IFRS 8 has been presented in Note -40 named "Operating Segment Report" as on reporting date.

2.20 Contingent assets & liabilities

Contingent Assets:

A contingent asset is possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group. Contingent assets are never recognized, rather they are disclosed in the financial statements when they arise.

Contingent Liabilities

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or the Group has a present obligation as a result of past events but is not recognized because it is not likely that an outflow of resources will be required to settle the obligation; or the amount cannot be reliably estimated. Contingent liabilities normally comprise legal claims under arbitration or court process in respect of which a liability is not likely to occur.

2.21 Liquidity statements

The liquidity statement has been prepared in accordance with remaining maturity grouping of Assets and Liabilities as of the close of the reporting period as per following bases:

- Balance with other company and financial institutions are on the basis of their maturity term.
- Investments are on the basis of their residual maturity term.
- · Loans and Advances are on the basis of their repayment /maturity schedule.
- · Property, plant and equipment are on the basis of their useful lives.
- · Other assets are on the basis of their adjustments terms.
- Borrowings from other company and financial institutions are on the basis of their maturity/repayment schedule.
- . Deposits and other accounts are on the basis of their maturity terms and past behavioural trends.
- · Other liabilities are on the basis of their settlement terms.

2.22 Events after the reporting period

Events after the reporting period requires additional disclosures or adjustments based on material information about the company. As per International Accounting Standards IAS-10: 'Events after the reporting period' the events after the reporting date are reflected in the financial statements' note no. 42.05.

2.23 Going concern

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The accompanying financial statements do not include any adjustments should the company be unable to continue as a going concern.

2.24 Compliance report on International Accounting Standards (IAS) and International Financial Reporting Standards (IFRS)

2.26 Capital adequacy and market discipline

To cope with the international best practices and to make up the capital more risks sensitive as well as more shock resilient, a road map was issued in August 2010 on implementation of Basel Accord in the Fls. Being well pursuant with the road map, prudential guidelines namely 'Capital Adequacy and Market Discipline for Financial Institutions' had been introduced by Bangladesh Bank from December, 2011. The guidelines came into force from 1 January, 2012 with necessary supplements/revisions. Instructions in respect of Minimum Capital Requirement, Adequate Capital and Disclosures requirement as stated in the guidelines have been followed for the purpose of statutory compliance.

As per prudential guideline IIDFC calculated Minimum Capital Requirement (MCR) by dividing the total capital by the sum of risk weighted assets against credit risk, market risk, and operational risk under pillar-I.

Pillar – I: Minimum capital requirement

Credit Risk

The calculation of capital requirement against credit risk is more elaborate and risk sensitive. The Accord gives a choice of some sophisticated approaches to address risks, and adoption of a Particular approach depends on the risk measurement capabilities and robustness of the systems in place in a Financial Institution. A Standardized Approach has been the preliminary choice of FIs for the credit risk calculation.

Market risk

Market risk is defined as the risk of losses in on and off-balance-sheet positions arising from movements in market prices. The risks subject to this requirement are:

- The risks pertaining to interest rate related instruments and equities in the trading book;
- · Foreign exchange risk and commodities risk throughout the FI.

The capital charges for interest rate related instruments and equities applied to the current trading book items prudently valued by IIDFC. The capital charges for foreign exchange risk and for commodities risk applied to IIDFC's total currency and commodity positions, subject to some discretion to exclude structural foreign exchange positions.

Operational risk

The accord introduces for the first time a capital charge for operational risk. The framework presents three methods for calculating operational risk capital charges in a continuum of increasing complexity and risk sensitivity. These methods are the Basic Indicator approach (a fixed percentage of gross income amount), Standardized approach (sum of a certain percentage of FI's income in each business line) and Internal Measurement approach (Statistical measure of FIs operational loss based on its historical loss data). But initially, Basic Indicator Approach has been applied for calculating the capital charge against operational risk.

2.27 Stress testing

Stress Testing is an important risk management tool that is used by the Financial Institutions as part of internal risk management and through the Basel II capital adequacy framework, is promoted by Bangladesh Bank. Stress Testing alerts Financial Institutions management to adverse unexpected outcomes related to a variety of risks and provides an Indication of how much capital might be needed to absorb losses should large shock occur. Stress Testing supplements other risk management approaches and measures playing particularly important role in:

- Providing forward-looking assessment of risk;
- Overcoming limitations of models and historical data;
- Supporting external and internal communication;
- Feeding into capital and liquidity planning procedures;
- Informing the setting of an FI's risk tolerance; and
- Facilitating the development of risk mitigation or contingency plans across a range of stressed conditions.

Stress Testing guideline have been issued by Bangladesh Bank to provide a structured way of assessing the vulnerability of financial institutions to extreme but plausible market conditions. The guidelines enable institutions to accurately assess risk and define the "risk appetite" of the organization and also provide critical information to senior management for decision around capital allocation and contingency planning.

IIDFC exercise stress testing on its portfolio on quarterly basis and submit its stress testing report as per format prescribed by Bangladesh Bank on regular basis.

2.28 Financial risk management

IIDFC always concentrates on delivering high value to its stakeholders through appropriate trade-off between risk and return. A well structured and proactive risk management system is in place within the Company to address risks relating to credit, market, liquidity, operations and money laundering and terrorist financing. In addition to the industry best practices for assessing, identifying and measuring risks, IIDFC also considers guidelines for managing core risks of financial instructions issued by the Country's Central Bank, Bangladesh Bank, vide FID Circular No. 10 dated 18 September 2005 for management of risks and, more recently, DFIM Circular No. 03 dated 24 January 2016.

Credit Risk

To encounter and mitigate credit risk the company employed multilayer approval process, policy for maximum exposure limit of sector or groups, policy for customers' assets maximum exposure limit, mandatory search for credit report from Credit Information Bureau, looking into payment performance of customer before financing, annual review of clients, adequate insurance coverage for funded assets, vigorous monitoring and follow up by Special Assets Management Team, strong follow up of compliance of credit policies by Internal Control and Compliance Department (ICCD), taking collateral, seeking external legal opinion, maintaining neutrality in politics and following arm's length approach in related party transactions, regular review of market situation and industry exposure etc.

The Credit Appraisal Committee (CAC) regularly meets to review the market and credit risk related to lending and recommend and implement appropriate measures to counter associated risks. The CAC critically reviews projects from risk point of view. An independent Credit Risk Management Department is in place, at IPDC, to scrutinize projects from a risk-weighted point of view and assist the management in creating a high quality credit portfolio and maximize returns from risk assets.

Market Risk

The Asset Liability Committee (ALCO) of the Company regularly meets to assess the changes in interest rate, market conditions, carry out asset liability maturity gap analysis, re-pricing of products and thereby takes effective measures to monitor and control interest rate risk. IIDFC has also strong access to money market and credit lines at a competitive rate through good reputation, strong earnings, financial strength and credit rating.

Liquidity Risk

Liquidity requirements are managed on a day-to-day basis by the Treasury Division which is responsible for ensuring that sufficient funds are available to meet short term obligations, even in a crisis scenario, and for maintaining a diversity of funding sources. Treasury Division maintains liquidity based on historical requirements, anticipated funding requirements from operation, current liquidity position, collections from financing, available sources of funds and risks and returns.

Operational Risk

Appropriate internal control measures are in place, at IIDFC, to address operational risks. IIDFC has also established an Operational Risk Management (ORM) to address operational risk and to frame and implement policies to encounter such risks. This department assesses operational risk across the Company as a whole and ensures that an appropriate framework exists to identify, assess and mange operational risk. The function of the ORM department is to exercise constant vigilance against erosion of Shareholders' value by identifying, assessing, measuring and managing operational risk resulting from inadequate or failed internal processes, people and systems or from external events.

Money Laundering and Terrorist Financing Risk

In IIDFC, money laundering and terrorist financing risk takes two broad dimensions:

- (a). Business risk which is the risk that IIDFC may be used for money laundering or for the financing of terrorism and
- (b). Regulatory risk which is the risk that IIDFC fails to meet regulatory obligations under the Money Laundering Prevention Act, 2012 (subsequently amended in 2015) and the Anti-Terrorism Act, 2009 (subsequently amended in 2012 and 2013).

To mitigate the risks, IIDFC, while adhering to various guidelines and circulars issued by the Bangladesh Financial Intelligence Unit (BFIU), has in place a strict compliance program consisting of the following components:

(a). Internal policies, procedures and controls, which are continually updated as and when required, to identify and report instances of money laundering and terrorism financing;

- (b). A dedicated structure and sub-structure within the organisation, headed by a Central Compliance Unit (CCU), for proactively managing AML and CFT compliance;
- (c). Appointment of an AML/CFT Compliance Officer, known as the Chief Anti Money Laundering Officer (CAMLCO), to lead the CCU;
- (d). Independent audit functions, including internal and external audit, to test the programs;
- (e). Ongoing employee training programs.

Additional risks required to be addressed under regulatory requirements

DFIM Circular No.03 of 2016, introduced the Integrated Risk Management Guidelines for Financial Institutions ("the guidelines"). These guidelines supplement, and do not replace, existing risk management guidelines.

The Integrated Risk Management Guidelines for Financial Institutions specify a number of additional risks that financial institutions are now required to manage in a more structured manner. Key among these are

Strategic Risk

Strategic risk has been defined as the risk of possible losses that might arise from adverse business decisions, substandard execution and failure to respond properly to changes in the business environment. The guidelines set out the respective roles of the board of the directors, senior management and business units in managing strategic risks, identify the minimum steps to be followed in the strategic risk management process and also suggest measures for strategic risk control.

IIDFC has been managing strategic risks ever since its inception. This is evident from the constantly evolving business model of the company over the years. The company has a clear strategic vision as to what it wants to be and a mission statement that states what it will do to achieve its vision. Strategic issues are discussed at a variety of forums including meetings of the Management Committee and of the IIDFC Board. Over the past few years, a separate Strategic Planning department has been set up to assist senior management in this regard. The culmination of all these efforts are reflected in annual Strategy and Budget sessions, where the company sets outs its plans for the next year. With the introduction of the new guidelines, more changes will be made to the strategic risk management process as and when required.

Compliance Risk

Compliance risk is defined as the current or prospective risk of legal sanction and/or material financial loss that an organisation may suffer as a result of its failure to comply with laws, its own regulations, code of conduct, and standards of best practice as well as from the possibility of incorrect interpretation of laws or regulations. The guidelines set out the respective roles of the board, senior management and compliance function units in managing compliance risks and also require formulation of a written compliance risk management policy.

Historically, IIDFC has always fostered a compliance oriented culture. This has been reinforced in a variety of ways, ranging from formal requirements to sign declarations of compliance with the IIDFC code of conduct (which requires compliance with the law & regulations) to repeated communications from senior management stressing the need to do business in a compliant manner. In general, compliance risk management is embedded in the day to day to business processes and practices of the company. Concerned departments are kept informed of latest legal and regulatory requirements by the ICC and Corporate Affairs departments. A consideration of compliance (or any potential non-compliance) with laws and regulations is a standard part of the company's regular decision making processes. Wherever deemed necessary, appropriate legal advice is sought from qualified internal and/or external legal counsel.

Reputation Risk

Reputation risk may be defined as the risk of loss arising from damages to an organization's reputation. The guidelines set out the respective roles of the Board and senior management in managing reputation risk and also require financial institutions to implement a sound and comprehensive risk management process to identify, monitor, control and report all reputational risks.

IIDFC has already established a set of non-financial reputational risk indicators and put in place a process for monitoring these and any other matters that might give rise to potential reputational risk issues. Till date, no material reputational risk issue involving the company has been identified.

Environmental & Social Risk

As the best financial brand in promoting sustainable business practices, IIDFC have adopted Environmental & Social Risk Management System as one of its integral parts of Credit Risk Assessment to compute environmental & social risks from our financial footprints. IIDFC is one of the front runners to add "Environmental & Social Management System (ESMS)" within its framework, a global standard to minimize environmental & social risks from the organizational activities.
